Buffalo gals, won't ya come out tonight

G7

And dance by the light of the moon?

**Verse 1**

C

G7

As I was walking down the street, down the street,

C

down the street

C

G7

A pretty little gal I chanced to meet and we danced by

C

the light of the moon.

**CHORUS**

**Verse 2**

I asked her if she'd stop and talk, stop and talk, stop  
and talk

Her feet covered up the whole side walk—she was fair  
to view

**Verse 3**

I asked her if she'd be my wife, be my wife, be my wife

And I'd be happy all my life, if she'd marry me.
